This most outstanding mare is only for sale due to the fact that we got two sisters in our herd where the one is entering this year. I never thought I would let this mare go, but because we got to many mares in the herd this wonderful breeder of top quality and with wonderful moving offspring is for sale. She was Reserve at her grading and her motherline is one of the most proven families within the Trakehner breed, producing Champion stallions and proven sires like Gunnar, Ginster, Guy Laroche, Gipsy King, Guter Stern and Guter Planet. Members of this bloodline are well known for their dressage ability and competition talents.

Her sire the impressive, noble and elegant Istanbul was besides Arogno the most important son of the foundation sire Flaneur. He was graded class 1 and became Supreme Champion of different national German shows. His presence, his proudness and his most powerful, elastic movements made him unforgotten to those who met him. Istanbul became one of the most successful sires of outstanding broodmares; the brilliant herd of Adolf Dorfler in Bavaria has been founded by his daughters, among them Elite mare Ulrike, mother of the Reserve Champion stallion Uljanoff. Hugo Simon's international show jumper Goldkorn by Istanbul is a famous example for his high talented competition offspring. In the UK he continued his high reputed breeding career becoming one of the famous founders of the Holme Trakehner Stud.
