Inaara one of the most impressive and highest quality daughters by Elite Stallion Friedensfurst who competed successfully at international Grand- Prix-dressage- level.

His sudden death in 2001 meant a big loss not only for the Trakehner breed but also for the Hanoverian- and Oldenburg – breeds too.

Inaara represents the modern type of the Trakehner mare and competition horse. In her large frame and impressive sports horse- attitudes she will always count among the best mares of her generation all over the breed. Very kind in character and calm in temperament she shows herself off in a breathtaking way of moving. That is the perfect style in power, energy, uphill and shoulder- freedom. No surprise that she got top scores during her grading and was champion of the mare grading and supreme champion of the whole show.

Inaara belongs to one of the eldest and most proven mare families of the Trakehner breed – going back to famous Isola Longa, previous member of the bay herd of the legendary main stud Trakehnen. The I- family already in Trakehnen had a high reputation for producing successful competition horses on high level for all disciplines.

In Germany the Isola Longa`s family has been established as the family of unforgotten foundation sire Ibikus, the premium stallions Illuster and Iglesias, the dressage sire Index and the FEI show jumper Infant.

Inaara`s maternal grandsire Koenigspark xx is looked at as one of the most important thoroughbred sires over the last 30 years, sire for example of Elite stallion Herzruf, who himself sired among others the international Grand-Prix-stars St.Payano and Kevin.
