Singing Hernando

By Arentino
Out of Henny IV
By Induc

Colour:	Black
Born:	15.05.2003
Sex:	Gelding
To Make:	16 hh
Passport:	English

Breeder:
The Singing Stud
Ross-On-Wye
Herefordshire
HR9 7RG
England

Mare Family:
S50A Herba A.A,

His Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E.St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout. E. E.St Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

His Dam Henny was chosen for her outstanding pedigree and very powerful movements. She was Champion of the central mare inspection in Schelwig – Holstein and got outstanding bloodlines for dressage, which includes the grand prix dressage stallion Arsenal. She always passes on her strong movements to her foals and Hernando is the proof of just that.

This is a gelding which has good strong bones with very powerful movements just born to go on to do dressage.

He is closely related to the stallion Blue Hors Hertug from Denmark, as they have the same wonderful bloodlines.
