Ilario's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E.St Arktis II presents herself as one of the most valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout. E.St Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

Ilario's dam Irroy is by Gadsby a half brother to the stallion Caprimond. Gadsby is a very friendly and kind big stallion and has been in several television movies and he is also competing at Prix St. George. His mother line has its roots in the very old and proven black mare family of Duke of Dohnas. Gadsby never covered a lot of mares, but his offspring is very welcome with the riders, as they are so easy to ride and have high talent for all sort of competition

Ilario is a big strong boy and the first that Irroy has had. He is sweet and very kind and loved by his owners Julie and Dawn. Julie and Dawn bought Irroy in foal to Arentino last year and we are so please to see such a stunning strong boy from this lovely mare.
