Polarprincess sire Freudenfest became everybody's darling during his approval in 1999: In his presence, his noble attitudes, proudness and powerful- uphill movements Freudenfest represented one of the highest decorated champions in the history of 40 years Trakehner stallion gradings.

Freudenfest had a champion start into his sire career too:

Out of his first crop he presented three graded sons, among them premium stallion Shavalou.

Every year as a sire he rules the mare inspections: With his premium titled decorated daughters convince in their athletic attitudes, their powerful, uphill movements and the way they pass their performance tests with brilliant results too.

On his paternal side Freudenfest is a member of the highly recommended line of dressage star Mahagoni, who stamped the breed into a solid direction of high quality riding ability.

His sire Tolstoi was premium of his grading, grandsire Kostolany was champion of the grading and has got a worldwide reputation as a sire of sports horses on the highest level and for all disciplines.

Polarprincess's mum Polarfee was reserve champion of the 4-year-old grading in 1999 and has also passed an excellent mare performance test.

Her sire E.H Stallion Van Deyk competed very successfully in dressage up to Grand Prix and established a new blossoming stallion line, which finds his basics in the dressage stallions Feingeist, Pomerol, Powerpoint, Handryk and Rastenberg. He also passed a first class performance test and sired an impressive group of outstanding broodmares, which is stamped by his noble presence and riding qualities.

The mother line is a legendary one going back to one of the highest proven and oldest bloodlines of the black herd in the main stud Trakehnen. Polarfahrt herself was known as one of the best mares of all warm bloods in her years and founded a most popular family. Famous sires like Polarfurst, Polargeist and Polarpunkt are members of this bloodline.

Polarfee's grandfather Insterruf was reserve champion of his grading and became later on a leading sire in the American trakehner breed.

Polarfee's grandmother Pommern by Habicht was known as a very athletic powerful mare with a lot of winnings in three-day-events up to advanced level.

Polarfee combines the genes of the great sires Patricius xx and Ibikus on her father's side, with those of Habicht and Traumgeist on her mother's side.

Polarprincess is a very beautiful filly with very good long lines and perfect markings. This is an outstanding filly for breeding or competition.
