The Singing Stud  
Ross-On-Wye  
Herefordshire  
HR9 7RG  
England

**Mare Family:**  
0236 Freia  
Schuleman – Hamburg

Ulando's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E.St E.St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout. Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

Ulando's Dam Unica is big and powerful in movement and as kind as the day is long. She is a very impressive mare, which gained Premium at her grading.

She is again out of the Freia line so well known for breeding Champion mares and stallions and Unica will put our Freia-family on a strong high quality.

Her Sire Honeur was champion of the performance test with a fantastic score of 138,69 points and Honeur kept what he promised during his performance test and became a successful dressage horse and show jumper later on. He got a high reputation for being one of the leading Sires of competition horses for all sorts and competition level. A very well known Sire in the Brazil riding horse breeds and continued after that his career in the well known stud Hamelschenburg.

This gelding is a mirror of his dad and came 2nd at the British dressage young rider and breeding championship. This boy would do well as a dual sports horse.
