Breeder:
The Singing Stud
Ross-On-Wye
Herefordshire
HR9 7RG
England

Mare Family:
0236 Freia

Again a big strong colt, which presents himself with proudness.

His mother is quite a stunning mare, which breeds absolute stunning foals all with that quality to make it big on the international marked.

We have had an international rider and trainer down to look around our horses and this is one of the mares, which foals he liked very much for the international dressage circuit.

Her Sire Velasques did very well in dressage and show jumping on national level and represents the dressage line of Champion Sire Mackensen in an impressive way.

Velasquez is very popular because of his easy temperament and wonderful riding attitudes, which he is passing on to his offspring.

The combination of Mackensen and Schneekönig is promising multitalented horses with the Trakehner's beauty, presence and character.

This mare gives beauty - movement and that wow look to all her offspring, which they will need for the international circuit.

Arentino Uno Primo's Sire stands at 16.1 ½ and was successful ridden in dressage up to Prix St. George. He also did very well out show jumping.

Arentino's Sire Santiago is a grandson to the legendary stallion Ibikus and his Dam is a full sister to the great stallion Arogno.

Arentino stamps his foals with type, good conformation and powerful well balanced movements.

He was graded and passed his 100 days performance test in Germany and is a real gentleman with an outstanding character, kind attitudes and noble presence.

Another foal which has excellent movement full of rhythm and drive
