v. Lenski-Kattenau

Ebony was purchased in Germany as a 3-year old from the Neumunster auction and is a harmony of breed and gender in type. Exceptional energetic paces characterise this engaging daughter of the Grand Prix dressage stallion Enim Pascha. She was Reserve Champion of the mare performance test at Domselshof and with the impressive combination of the most noble bloodlines in the Trakehner breed through Maharadscha, Flaneur, Condus, Angloarab Ramzes, the pure bred Arabians Fetysz ox and Adamas ox.

The original family of Elfe presents itself, as one of the most influential bloodlines having produced not only the outstanding Sires Elfenglanz, Elfenspuk and Elitaer, but also high quality broodmares, especially with Etikette and her full sister Eleganz, which are the two founders of the new branches in this old family.

Dressage ability is a symbol of this bloodline and we are proud to have a granddaughter of world famous Zauberklang as a member of our herd.

Her Dam State Premium mare Ebenmass was one of the top auction mares at Neumunster in 1997 and 2nd Reserve Champion of the 3-year old mares in the Rhineland.

Ebony has the most wonderful temperament and is so sweet and gentle and she is such a wonderful moving mare. Ebony's foals are always good compact with excellent conformation and wonderful movements. They are also very kind and easy to be around.
